Event Descriptions:

Networking is key to promoting your business, and our business connections and speed networking events provide the perfect platform. The structured sessions maximise the number of connections you can make in a short space of time.

This speed networking event is a fantastic way to meet a high number of business people within a short period of time. This highly popular monthly event allows people with busy schedules to spend their time effectively by increasing their exposure and gaining an extended web of business contacts over the coffee morning.

Successful networking like this will help you to build mutually beneficial relationships with people inside and outside of your industry, resulting in a network of useful contacts that become one of your company's most valuable assets. Even if you feel daunted by the process, don't misjudge the value of setting aside some time in your monthly calendar to network with new and existing contacts with the help of our proven monthly speed networking model.

This event is an invaluable and an effective way to expand your connections, uncover new business opportunities, get introduced to all the potential partners and new clients and tap into trusted resources or service providers that can help you or your business.

This speed networking event is hosted by the local charities and is designed to accelerate business contacts through facilitated introductions and conversations – at speed with a common structure to rotate all participants in quick succession so that each person gets the chance to engage one on one with as many people as possible.

If you want a genuinely exciting and extremely beneficial networking experience outside of your usual networking meetings, then get along to this speed networking event. You'll find yourself loving it as much as we do!

Come along &

- bring lots of business cards and a pen
- present your business succinctly getting straight to the point due to the time limit per rotation

- make sure you know what to ask the other person. Your message, as well as the questions you ask
- clearly communicate your interest to connect after the event

We are dedicated to help you. Take a good step, SPED UP YOUR BUSINESS.

See you at the event on Tuesday, the 19th Mar 2019.
